Indicators of Success

Information provided on this page is based on historical data, primarily from the previous school year, 2000-01.

2000-01 School Achievements/Accomplishments

- W Integrated technology into the various curricula in order to better prepare students for information retrieval. Expanded video technology and training for media presentation.
- W Established the FMS Teen Center, through the 21st Century Community Learning Center Grant. The Teen Center includes tutoring, recreational activities and non-academic classes.
- W Implemented the Responsible Thinking Process Classroom to promote responsible behavior in students and to foster positive learning of school appropriate behaviors and social skills. Also implemented a character education program.
- W Used MathCounts problem-solving techniques and strategies in the math curriculum. Also used the Odyssey of the Mind to promote higher-level thinking skills.

Student Information: 2000-01 Student Activity Rates

		Arizona				
	School	K-6	7-8	9-12		
Attendance Rate	92.7 %	94.8 %	93.5 %	94.2 %		
Transfers Out ³	11.2 %	16.2 %	16.0 %	20.6 %		
Transfers In ⁴ : Within District	2.2 %	3.4 %	2.8 %	3.0 %		
Transfers In ⁴ : Out-of-District	4.6 %	6.3 %	5.9 %	7.9 %		
Promotion Rate ⁵	98.1 %	98.7 %	98.1 %	94.2 %		
Retention Rate ⁶	1.9 %	1.3 %	1.9 %	5.4 %		
Dropout Rate 7	NA			11.1 %		
Status Unknown ⁸	NA			6.7 %		

Students reported as "dropouts" who may have returned to school for the following academic year are not accounted for in this report.

∨ School Honors ∨

Awards or special recognition honors received by the school, staff or students:

Award/Honor	Year
Odyssey of the Mind - State Champions	2001
Stock Market Simulation Winners - 2 Semesters	2000
Team 8 - 4 Recipients of \$10,000 Environmental Grant	2000
\$55,000 Character Education Grant	2001

³ Transfers Out: Percentage of accountable students withdrawing to continue studies in another school or to be taught at home for the 2000-01 school year.

⁴ Transfers In: Within District: Percentage of accountable students entering school who were previously enrolled in another Arizona public school within the school district during the 2000-01 school year. Out-of-District: Percentage of accountable students entering school who were previously enrolled in another school district during the 2000-01 school year.

⁵ Promotion Rate: Percentage of students promoted to the next grade or who met graduation requirements and received a traditional diploma at the end of the 2000-01 school year. Percentage includes students who left school at age 22 or who had completed school and received a non-traditional diploma.

⁶ Retention Rate: Percentage of students retained at the end of the 2000-01 school year.

⁷ Dropout Rate: Percentage of students counted as withdrawn due to chronic illness, expulsion or dropping out during the 1999-2000 school year, to include activity during the summer of 2000. This rate includes students who were withdrawn after 10 consecutive days of unexcused absences or were coded by the school as "status unknown." The Promotion Rate, Retention Rate, Dropout Rate and Status Unknown Rate may not add to 100% due to the inclusion of summer activity in the Dropout Rate and the Status Unknown Rate but not in the Promotion Rate and Retention Rate. Data for 2000-2001 is not yet available.

⁸ Status Unknown: Percentage of students unaccounted for by any method during the 2000-01 school year. Status unknown students are not necessarily dropouts.

∨ Academic Achievement Indicators ∨

Arizona's Instrument to Measure Standards (AIMS) is designed to measure student achievement of the Arizona Academic Standards. Effective with the high school Class of 2006 (eighth graders in 2001-02), students must "Meet the Standard" or "Exceed the Standard" on all portions of AIMS or pass an AIMS Equivalent Demonstration (subject to approval by the state Board of Education) in order to be eligible for a high school diploma. High school students who did not attain "Meets the Standard" or "Exceeds the Standard" in reading, writing and mathematics will have additional opportunities to retake the test in their junior and senior years. Students in grades 3, 5, and 8 also take AIMS.

AIMS Results¹, 2000-01

Grade 8		Number Tested	MS	FFB	Α	М	E	
Reading	School	301	519	13%	15%	45%	24%	
	State	56652	505	23%	20%	40%	17%	
Writing	School	289	513	6%	31%	57%	4%	
_	State	55212	492	17%	41%	40%	2%	
Mathematics	School	297	471	26%	52%	14%	6%	
	State	56871	454	43%	40%	12%	6%	

Legend

- MS The Mean Scale Score (average) on a 200-800 scale.
 A student must have achieved a scale score of 500 to meet the standard. Scale scores are not comparable among content areas.
- FFB Percent of students who Fell Far Below the standard
 - A Percent of students who Approached the standard
- M Percent of students who Met the standard
- E Percent of students who Exceeded the standard

∨ Mathematics Education and AIMS ∨

On April 24, 2000, the state Board of Education amended the high school graduation requirements to include the following: "Effective with the graduating class of 2004, the two required math credits shall be taken consecutively beginning with the ninth grade and course content shall reflect Academic Standards preparation for proficiency at the high school level." Parents should verify with the school that their ninth grade students are enrolled in one or more mathematics courses that provide instruction in the state Board-adopted mathematics standards that lead to proficiency in high school. Students who begin the ninth grade during the 2001-02 school year should be enrolled in a mathematics sequence that is aligned to the state's mathematics standards and includes instruction in the concepts and performance objectives that will be assessed by AIMS. The Board's amendment to the high school graduation requirements should not be interpreted to mean that all ninth grade students must be enrolled in any *particular* course. **The Board's intent is to assure that all ninth grade students are enrolled in courses that prepare students for success on AIMS**.

¹Results reflect student performance on the English form of AIMS.

²Class of 2003 is the cohort of students who began 9th grade during the 1999-2000 school year.

^{**}Items of data containing information about fewer than ten students have been replaced with (**) to protect student privacy.

⁻⁻Some columns contain dashes (--) to indicate "not applicable" or "no data available."

∨ Academic Achievement Indicators ∨

In 1997 and 1998, students in grades 3 through 12 were tested in reading, language and mathematics using the standardized, nationally norm-referenced *Stanford Achievement Test, Ninth Edition* (Stanford 9). In 1999 and 2000, students were tested in grades 2 through 11. **Students were tested in reading in grade 1 and reading, language arts and mathematics in grades 2 through 9 in 2001.** The percentage of eligible students tested (%) and the school's percentile rank score are presented below. State percentile rank scores (AZ) are provided for comparison. Also, note that the percentile rank scores for the nation are 50 for all content areas in all grades.

Under the Family Educational Rights and Privacy Act of 1974 (FERPA), no individually identifiable references to students may be made. Therefore, items of data containing information about fewer than ten students have been replaced with (**) to protect student privacy. Some columns contain dashes (--) to indicate "not applicable" or "no data available."

∨ Measure of Academic Progress ∨

Arizona's Measure of Academic Progress (MAP) is an indicator of student academic growth from one year to the next. The results are based on the Stanford Achievement Test, Ninth Edition (Stanford 9), given in 2000 and 2001. MAP includes only those students who were tested both years in consecutive grade levels at the same school or who started the school year in the same school in which they were tested in 2001. A student achieves One Year's Growth (OYG) if he or she remains in the same Stanine or advances a Stanine from one year to the next. The percentage of students achieving OYG at the school is reported below.

The MAP is an elementary school (Grades 2-8) indicator only.

	Reading	Math
Percentage of Students Achieving One Year's Growth		Percentage of Students Achieving One Year's Growth
Grades 6-7	86	66
Grades 7-8	80	70
*Less than 10 student	s matched **No information avai	ilahla ***Not applicable

∨ School Safety ∨

The purpose of this section is to provide parents information about what the school is doing to promote a safe and orderly environment for learning. The 2001 Comprehensive Health and Prevention Program Survey Annual Report provides additional information on Health and Prevention Programs, School Safety and Security Measures, Policy Violations and Expulsions at www.ade.az.gov/ResearchPolicy/chapps/.

School-level Efforts to Ensure a Safe and Orderly Environment for Learning

Our school has established an Emergency Response Plan. We have implemented a Peer Mediation Program to resolve conflicts among students. We have also enforced a very strict policy to deal with physical altercations among students. We are modeling peaceful conflict resolution and tolerance in our daily interactions. Included in our teaching is Responsible Thinking Process Classroom, a character education program, an Adolescent Lifeskills class, the GREAT Program, and Project Wisdom.

Total number of incidents that occurred on the school grounds that required the intervention of local, state or federal law enforcement (A.R.S. § 15-746.6).

37

School uniforms are not required at this school.

The Arizona Attorney General's Office has a hotline that allows students to report suspicious activities at schools and to get help with potentially violent situations, such as bullying, harassment, hate crimes, discrimination and gangs. The toll-free number, **1-877-900-1086**, is anonymous and available 24 hours a day.

⁹ Stanines are normalized standard scores that range from a low of 1 to a high of 9, with 5 designating average performance. National Stanines, like National Percentile Ranks, indicate a student's relative standing in the national norm group (Source: Harcourt Educational Measurement).

\lor Per Pupil and School Expenditures for the 1999-2000 School Year \lor

Expenditure Category	*Per Pupil Expenditures by Category	School Expenditures by Category
Classroom Instruction	\$2,658	\$1,985,333
Classroom Supplies	\$36	\$26,970
Administration	\$410	\$305,902
Support Services-Students	\$363	\$271,348
Other Support Services and Operations	\$1,071	\$799,957
Total Expenditures- All Categories 1999-2000	\$4,538	\$3,389,510

Total Expenditures may not be exact because of rounding. Information is self-reported by the district and is unaudited.

These are maintenance and operation expenditures and do not include capital expenditures such as facilities construction and buses. Classroom Instruction includes activities dealing directly with the interaction between teachers and students. It also includes activities of aides or classroom assistants that are involved in the instructional process. Classroom Supplies includes costs for items that are consumed, worn out or have deteriorated through use; or items that lose their identity through fabrication or incorporation into different or more complex units or substance. Administration includes governing board services, executive administration services, lobbying, office of the principal services and other support services for school administration. Support Services-Students includes attendance and social work, guidance, health, psychological, speech pathology, audiology services and other support services for students. Other Support Services and Operations includes support services for instructional staff, business support services, operation and maintenance of plant services, student transportation services, central support services, other support services, food service operation and bookstore operations.

∨ Classroom Enhancement Funds 2000-01 ∨

For fiscal year 2000-01, school districts and charter schools shall report on the School Report Card issued pursuant to section 15-746, *Arizona Revised Statutes*, a summary of any monies received pursuant to Section 23 of H.B. 2007 for fiscal year 2000-01 and a description of how the monies were used to enhance classrooms to augment pupil learning.

Total Amount Awarded to School District/Charter Holder \$548,204.22 [\$36.02 per Student x Enrollment (ADM)].

Trigger Fund Usage for Classroom Enhancement*

The Arizona School Report Card was prepared by the Arizona Department of Education using a standardized format to combine information provided by the local school with data compiled from state records. Each school has special strengths and needs, and all schools benefit from the active involvement of parents in their children's education. If you have questions about the report card or need more information, contact the school office. Arizona School Report Cards can be found for all schools at www.ade.az.gov/srcs/ on the Internet

"The Arizona Department of Education, a state educational agency, is an equal opportunity employer and affirms that it does not discriminate on the basis of race, religion, color, national origin, age, sex or handicapping conditions."

^{*} Based upon 1999-2000 Average Daily Membership (ADM). (School Expenditures divided by ADM)

^{**}Due to technical difficulties, data for multiple charter school sites is not available.

^{*} Information is self-reported by the district and is unaudited.
